<https://www.indiamart.com/js-rollingmill-industries/>

J. S. Rolling Mill Industries was established in the year 2007. J.S Rolling Mill Industries was founded under the leadership of our founder Mr. Jagjit Singh. He is a very well known and a respected personality in the field of hot steel rolling ...

About Us

J. S. Rolling Mill Industries is a leading name in the segment of hot steel rolling mills. We have the expertise and the complete set up to manufacture the following type of steel plants on turn key basis :

- Structure Mill
- TMT/QST Re-Bar Mill
- Section Mill
- Wire Rod Mill

We offer complete rolling mill solutions from consultancy, pre-feasibility report, designing, manufacturing, erection to successful installation. Our manufacturing plant is equipped with the state of the art facilities for producing high quality modern steel plants.

With more than 15 successful installations in the recent times, our name has always been associated with quality work and timely delivery coupled with unbeatable after sales service has made our company a force to reckon with in the highly competitive steel plants manufacturing industry.

We are very proud to acknowledge the fact that the **First TMT Re-Bar Mill Plant** in Jalna (the steel town of Maharashtra) M/s Rajuri Rolling Mill Pvt. Ltd. was designed and erection under the expert leadership of our founder **Mr. Jagjit Singh**.

After the successful installation of M/s Rajuri Rolling Mill Pvt Ltd in Jalna, Maharashtra, we have undertaken and successfully implemented various projects at many other plants. (Please refer to our client list for a complete reference). We have the complete setup & infrastructure to...
