About Us

Established in the year 1989, at Indian national capital-New Delhi, we, “ **JSB Healthcare,**” are a reputed and reliable names engaged in offering a wide range of **Healthcare & Medical Equipment** for varied applications. We are one of the noted importer and exporter of **Leg Massager, Swing Walker, Slimming Belt, Pedometer, Foot Detox Machine, Lumber Traction Belt, Digital Blood Pressure Monitor, Glucometer, Stethoscope** and many other products. All these products are developed at our state-of-the-art unit with the assistance of an expert team of qualified professionals. Our entire gamut is available in standard designs, and we also offer user manual guide and other allies literature along with these equipment. We also make sure that our range of medical instrument meets the well defined industrial standards. We also have association with some of the trusted logistics who help us to deliver these products within defined time frame. The operations of our organization are headed by our mentor, Mr. Jagjot Singh, who has always been a great source of inspiration for us. His excellent motivational skills have guided our professionals to work with a meticulous approach, which enable them to offer a range as per the defined industry standards. Further, his sound marketing strategies have helped us to build a wide rapport in both the domestic and global market.
