About Us

To live a life longer is the human being's eternal quest and pursuit . We may add the word healthy to qualify the quest and to justify the living a life, longer. And it is healthy in terms of its physical, mental, social and spiritual connotations.

We as a healthcare solution company started our journey, 40 years back, with our limited resources to achieve the fulfillment of man's eternal quest. The journey has not ended and we know we have more thousands of miles to go ahead....

In our long journey we did not only explore the scientific developments of modern medicines but also attempted to look back to our rich heritage, traditions and also some time-tested values, which are still unchanged...the occidental remedies to human ailments...

The first company of Dr. Sarkar Allen Group, is in operation since 1969. It is engaged in the manufacturing and marketing of Ayurvedic and Pharmaceuticals products through ethical promotion.

Jupiter is proud to be the harbinger of the conglomerate. Care, Commitment and Concern; the corporate mantra of the conglomerate were taken into consideration at the very outset and had been instilled with its associates since then. And the result is, the name Jupiter has been synonymous with the trust and reliability since then. What Jupiter trusts more in Quality with the letter, a big Q. Quality is ingrained in the work of it's colleagues and values. Jupiter is dedicated to the delivery of quality healthcare...
