## About Us

Established in the year 2013, We are engaged in offering an array of Electricals, Packaging and Iron & Steel products both Domestic and Industries use. We have successfully carved a distinguished niche for ourselves in the markets across the country.

In our diversified range we offer all Electricals and Packaging products. All our products are procured from credible vendors, who make use of high quality raw material for production. Owing to this, our products are assured to be durable and reliable. Our vendors also make sure that the coils and wires are dimensionally accurate, so as to suit the respective purposes. For the identification of a credible vendor base, we have constituted in our team highly qualified procuring agents, who possess apt knowledge of the market. They conduct extensive market research and find out some of the leading preparers, who can meet our demands at all levels, whether it be quality or quantity, cost or time. In order to ensure the authenticity of the procured range, we subject the same to certain tests and quality control measures are also undertaken. After the approval of the quality team, the products are packed safely using high quality packaging material. The packaged products are stored in warehouse, from where these are sent for delivery to the clients across the globe.
