We are a leading manufacturer of LPG Gas Burners and Accessories. Manufactured in compliance with high industry standards, our products are widely used in Canteens, Government Hostels, Govt. Department, Defense Departments, Restaurants.

## About Us

Established in the year 2001, we, “**Jyoti Engineering Co.**”, are counted among the prominent manufacturers of LPG Gas Burners and Accessories. Available in a vast range of models and specifications, our range is widely used in many food processing units, IT parks and industrial canteens, hospitals, institutions, wedding halls, hostels and restaurants. We have established a wide infrastructure to manufacture a wide product range that is on top in respect of quality. Our infrastructure is upgraded by us on timely basis to offer products assured quality at cost-effective prices. A hi-tech and well-developed manufacturing unit allows us to offer these products within the stipulated time frame. These products are manufactured using high grade raw material, procured from reckoned vendors. Moreover, these products are also tested at several parameters before their final dispatch by the experts on the defined parameters. Our organization is headed under the able guidance of “**Mr. Bharat Bhai Patel**”. Due to his immense industry experience and expertise, we have been able to carve a niche for ourselves in the market.
