We are a GMP certified company engaged in manufacturing and supplying a variety of pharmaceutical drugs. These products are appreciated for their effectiveness, precise composition, purity and stability.

## About Us

Established in the year **1977**, We, '**Kaptab Pharmaceuticals**', are one of the most trusted Manufacturers and Suppliers of an extensive range of **Pharmaceutical Drugs**. Ours is a professionally managed Pharmaceutical Products Manufacturing Organization, which has earned a strong credibility in the market and received **ISO and GMP certifications** by dint of quality products. The range we supply is manufactured using premium quality ingredients, which we source from trusted vendors of the industry. These products are acknowledged for their precise formulation, stability, purity and potency. Supported by our State-of-the-art infrastructural facilities, equipped with all the requisite amenities, we are capable of producing our superior range in bulk. This facility is sectioned into different departments like manufacturing, quality control, R & D and warehouse & packaging, for optimal operational efficiency. Our highly experienced professionals maintain streamlined processes and ensure that these units are working in best possible manner at all times. We make sure that the products supplied by us are packed using tamper-proof packaging material for absolute safety during storage and transportation & preserving their medicinal properties. Under the able and qualified guidance of Our Mentors, "**Mr. Nilesh Patel and Mr. Rohit Patel**", we have managed to register an exponential growth rate and build a vast...
