

K. Karivarathan Engineering Works

<https://www.indiamart.com/karivaradhanengineering/>

With a thought for a greener world, we are manufacturers and suppliers of Solar Products. Our product line empowering the country with affordable solutions of fabrication and solar structure consultancy service.

About Us

Established in the year **2004**, **Karivaradhan Engineering Works**, an **ISO 9001:2008** certified company has achieved a top reputation in the market for manufacturing and supplying for an innovative range of Solar Products. Our range of products includes Sheet Metal Components, Solar Panel Mounting Structures and Wheel Barrows, among others. Staying true to our perception towards change in Solar Power, we aim to prognosticate the customers' demands with technically excellent and affordable solutions. This infinite approach of the product cycle developments has prompted us to develop a multitude of turnkey projects all over the country.

Additionally being top manufacturers, we are also system integrator with sound technical know-how and a trio of skilled and qualified professionals. As distinguished service providers, we are offering industrial fabrication and solar structure consultancy service. We hold the fundamental belief that product performance, price, and service are the basis of any good business. Our base installed in the vicinity of fast and effective communication lines, is fully equipped with advanced equipment and machinery. As an organization, we are endowed with a well-trained and extremely competent team of personnel, who operate in close areas with customers to offer them the unmatched quality of products within stipulated time-frames.

Mr. K. Ravi Yadhav our mentor first invested in his...
