<https://www.indiamart.com/kayveeaeropharm/>

An ISO 9001:2000 and Revised Schedule 'M' certified company. We are leading manufacturers and exporters of External disinfectant Liquids, antiseptic products, antiseptic sterilizer products, antiseptic hygiene products and Ointments.

About Us

Established in the year 1991, we **Kayvee Aeropharm Private Limited**, are an **ISO 9001:2000** and Revised Schedule "M" certified company engaged in meeting the demands of External Liquids, Ointments, Medicated Lotion, Medicated Hygienic Lotion, Medicated Calamine Lotions and Repacking products. These includes wide range of Antiseptic Liquid , Disinfectant, Topical preparations, Instrument Sterilizer, Antiscabis and Dental products.

Our speciality is in Chlorhexidine Gluconate and Povidone Iodine Formulations

Our sophisticated manufacturing unit enables us to formulate quality range of External Liquids and Ointment without any hassles. Essential factors such as hygiene, cleanliness and side effects of the products are also given prominence during the formulation. Our business operations are also backed by quality analysts, pharmacists and other experts, who help us to maintain quality level in our formulations. We have developed our industry presence under the able guidance of our promoter **Mr. Kirit Parikh**, who has phenomenal industry experience and excellent business acumen. Moreover, our ability to manufacture our range of products in compliance with international standards has also helped us in meeting the needs of our clients based in Germany and Holland.

We have strong Research and development experience with support from well known Pharma companies in USA.
