Chembond Ashland Water Technologies Ltd. is a joint venture between **Chembond Chemicals Ltd., India** and **Ashland Inc., USA.**

About Us

Chembond is an established manufacturer of specialty chemicals in India since 1975 and Ashland is a fortune 250 company. We have been operating in the value added Water Treatment Solutions field since 1980 and serve diverse industries like Steel, Power, Fertilizers, Refineries, Petrochemicals, Mining, Sugar, paper and pulp, textile and Municipal corporation. Our water management involves the use of the state-of-the-art chemical technology supported by onsite services to ensure the continuous and consistent performance monitoring of the treatment program. Our service personnel ensure that there is no limitation to capacity utilization of your plant from the water treatment aspect and regularly deploy advanced monitoring tools and automation systems.
