

Ketco Impex Corporation

<https://www.indiamart.com/kicglobals/>

We are one of the trusted business entities engaged in exporting & supplying of a wide range of Solar Power & Thermal Systems. The products are reckoned for their efficiency and durability by clients across the globe.

About Us

Established in the year **1995**, we, **Ketco Impex Corporation**, have been engaged in exporting & supplying a wide range of Solar Power Systems and Solar Thermal Products, each one of which is known for its outstanding quality and excellent performance. At our organization, convergences of many engineering disciplines allow us to attain highest level of work efficiency, cost savings and consistent quality in our entire product range. Even the products designed by us are thoroughly tested to ensure that our customers receive best quality products.

Our workforce is the backbone of our organization and every one of us believes in producing products that score highly in terms of quality and excellence. We undertake a customer centric approach and work in tandem with our clients to cater to their diverse needs. Our strong distribution network and amiable relations with our dealers allow us to supply our products all over the world.

Under the able guidance of **Mr. Sandeep Kumar**, we have been able to carve a niche for ourselves in the industry. His strong business acumen and support has been instrumental in the skylarking success of our organization. We export our products to various destinations worldwide especially to Italy, Belgium, Malaysia, Indonesia, Singapore, Sri Lanka, Dubai, South Africa, South Arabia and Israel.
