Kilu Fabricators

<https://www.indiamart.com/kilufabrication/>

We are manufacturer of aluminium fabrication for offices, malls, multi complex, schools, organizations, showrooms and all types of buildings.

About Us

Kilu Fabricators is a name known for reliability and continuous improvement in the field of all types of aluminium fabrication for offices, malls, multi complex, schools, organizations, showrooms and all types of buildings. The company has adopted the environment friendly norms by providing all metal fabrication as far as architectural building products are concerned that help to reduce the light pollution and the carbon foot prints or carbon dioxide, which keeps the environment green. At every step of manufacturing process, our products pass through quality checks under the strict vigilance of the professionals. The quality supervision by experts ensures total quality control in compliance with high standards, expert workmanship, and contractual needs of the clients.
