About Us

"While natural ingredients are essential for healthy glowing skin, Kinjni believes in delivering the natural solution that is right for you. Our skin needs regular nourishment and Kinjni's personalized regimens have demonstrated promising results with customers around the world."

Kinjni is a natural skincare company originated from the concept that having a personalized skincare routine and following it with regularity is the secret to healthy, glowing skin.

Over my 30 years of skincare experience working with clients from diverse age groups, ethnicities and lifestyles, I realized that there is no one size fits all solution in skincare. Every skin type is unique and needs to be cared for in its own special way. From the very beginning, it has been my passion to help clients find a natural skincare routine that is the right fit for them. It is the promising results that my clients have experienced over the years that give me great satisfaction.

It became my dream to share my secrets for healthy skin with a broader audience beyond my local clientele. In early 2009, my family and I sat around the kitchen table determined to create an innovative product line with the same natural ingredients that had proven successful for my clients over the years. We wanted to revolutionize the way people care for their skin by filling the marketplace void for custom-made skincare regimens that are easily adaptable to busy lifestyles. This vision led to the creation of Kinjni-a...
