<https://www.indiamart.com/kkorganosys-polymers/>

Our company positioned itself as a leading Manufacturer, Importer, Exporter, Supplier and Trader, engaged in offering clients an excellent quality range of PVC Films, BOPP Films, Polyester Films, Lamination & Wood Working Emulsion etc.

About Us

K. K. Organosys & Polymers Pvt. Ltd. was established in **2003**. Ever since the establishment, we are involved in, **exporting, supplying and trading** a broad spectrum of **PVC FILMS, BOPP FILMS, POLYESTER FILM, Toffee Wrapper, Thermal Film, Bopp Heat Sealable Film and many more**. Our products are manufactured by keeping in mind the most specific and growing demands of clients and all endeavors are made to accomplish those demands accordingly. Use of quality raw material in the development of our range has made the products free from any kind of error and also makes them highly acknowledged for their matchless features. Clients are appreciating and admiring our range for their features such as accurate dimensions, quality assured, longer service life, easy installation, great strength and many others. Moreover, we have adopted quality control policies that have been recommended by industry to ensure the flow of quality approved products in the market. Besides, our assurance to deliver products within stipulated time frame and ability to make transparency in business dealings have assisted us in establishing a remarkable position in the industry.

We, by carrying all business activities under the skillful and astute guidelines of our honorable **Director Mr. Kamal Kumar Dugar**, have successfully placed our name in the list of top notch organizations. With his foresightedness, visual approach and rich industrial experience, our...
