Kovai balaji diamond tools **Manufactures and Supplies** the widest range of **Diamond Cutting Tools** as per international standards with vast experience in the field together with modern manufacturing techniques available to industry.

About Us

"Kovai Balaji Diamond Tools", are one of the prominent manufacturers and suppliers of a wide range of Diamond Cutting Tools such as Diamond Tools, Diamond Dressing Tools and Diamond Wheels. These products find application in various industries involved in cutting materials such as glass, granite, steel and alloy. We make the tools in an array of sizes and shapes, which we customize as per specific requirements.

Having served in this industry for many years, we have gained the trust and confidence of our clients by providing them with premium quality products that are durable and long lasting. Our employees are highly talented and well qualified. The quality controllers apply stringent measurements to ensure prevention of flaws and defects in the processes, and strict adherence to industrial norms & practices.

The founders and mentors of our organization **"D. L. Gandhi", (Chairman)** have led us with their immense knowledge and passion for success. Under their guidance, we have been practicing ethical policies and transparent business transactions. We have an excellent infrastructural facility allowing us to deliver the tools within the stipulated time. Our pricing is in par with the market rates and we provide our clients with a personalized customer care.
