## About Us

**KRD Briquettes** is a sole proprietorship organization, formed in the year **2011**. Since establishment, our company has successfully created a distinct market status by **manufacturing** a comprehensive range of **Cooking Stove and the trading of Pellet Fuel and Briquette Fuel**. Our range of cooking stoves is designed and developed using high grade raw material, which enhance their efficiency and make them highly demanded among clients. Besides, our research and development professionals make persistent endeavor to enhance products according to the existing developments and trends of industry. Furthermore, our company exhibits its strong technique and technology capabilities, which allow us in managing multiple solutions of business in best possible manner. We have marked our presence in the market of Indian Subcontinent by endlessly providing solutions according to the exact clients' demands and specifications. Our priority is your satisfaction. Therefore, our trained staff takes care of most of the fastest and most effective solutions to your contract. Of course there is the personal approach and high care. KRD Briquette/ Bio-coal or white-coal is a solid fuel made from a variety of waste materials such as charcoal from low-density wood, agro-forestry waste material, domestic, municipal solid wastes and typically any type of biomass waste. A wide array of feedstocks, some that are not palatable, can be briquetted, including...
