We are a reckoned organization engaged in manufacturing and supplying a comprehensive range of **Organic and Inorganic Chemicals**. These products are known for their accurate composition, precise pH value and longer shelf life.

## About Us

Established in the year **2005** by **Mr. Ratanlal Mali**, “Krishna Chemicals, Ambernath”, has garnered a reputable name for itself in the domain of manufacturing and supplying an extensive range of **Organic and Inorganic Chemicals**. Our range includes FRP Paste Pigments, PVC Pigments, Polyurethane Pigments, Water Based Pigments, Epoxy Pigments, Industrial Thinners, Industrial Solvents and Basic Chemicals. The company initially started with solvent distillation plant and industrial thinners and in year 2010 under the able guidance of technocrat **Mr. Ramesh Telisara** it started manufacturing of FRP Pigment Paste, Epoxy Pigment Paste and PVC pigment Paste. There is a huge demand for these products in paints, Epoxy, FRP, PVC varnishes, Textiles, Paper Printing and Soaps & Detergent Industries, Our range is highly recommended by our clients for their longer shelf life and non-toxic nature. We formulate these products using advanced technology and sophisticated machinery to ensure their fault-free nature.

Our range is processed at our modern processing unit, under the strict guidance of our qualified and dexterous professionals. Moreover, we make sure that our products are in compliance with the international standards and are formulated as per the variegated needs of the clients. Apart from this, our logistic experts deliver the finished products at the customers' destination within the promised time. For absolute customer satisfaction,...
