We are a reputed Service provider and Rental of premium-quality **Industrial Machinery**. These are supplied to clients at highly affordable prices within the stipulated frame of time.

## About Us

Established in **Delhi**, we, **Krishna Scaffolds**, are a leading **Manufacturer** and **Supplier** of an assortment of premium quality **Industrial Machinery**. These are manufactured using the best quality of raw materials in stringent compliance with industrial norms and guidelines. These are manufactured under the supervision of industry experts as per the specifications furnished by the clients. The best quality raw materials are procured from reputed vendors in order to manufacture products of the best quality. Advanced manufacturing technology helps in a streamlined and efficient product generation process. We deliver products of the best quality to clients. These are used widely in various industries such as engineering and construction. Known for their characteristic features such as durability, sturdiness and damage-resistance, our products are known for their economical prices. Their quality is tested by auditors on various parameters. Our state-of-the-art infrastructure facility has all the latest machines and equipments required for the fast and efficient manufacture of high quality products. Our infrastructure facility is divided into different segments such as manufacturing, marketing, packaging and many more. This increases the efficiency and decreases the workload on a single employee. The workforce at our organization is divided into departments based on the domain of operation. We have hired a team of quality auditors who assess the...
