

Kundan Industrial Products & Services

<https://www.indiamart.com/kundanindustrialproducts/>

We are distributor of seals oil and hydraulic, power transmission products, belts, pulleys, chains, sprockets, application based solution products etc. Also provider of mapping of customer's requirement, related to bearing and its maintenance.

About Us

Established since 1962, **Kundan Industrial Products & Services** (Formerly Kundan Trading Co.) based at Mumbai and branch at Gandhidham-Kutch, are one of the leading **Authorized Industrial Distributors of SKF Bearings & related products servicing** to vital Industrial Segments like Cement, Fertilizers, Steel, Mining, Refineries, Pipes, Ceramics, Textiles, Paper, Chemicals, Atomic Energy etc.

Since the formation of our firm, servicing end users with right products at a right time with a right price was a key factor of our growth with clientele of well reputed Industrial Houses and PSUs as our key customers.

In view of our large end users customer base, and considering our experience, knowledge, reputation for fair business practice & capability to handle large scale core industries, in the year 1989, SKF the world's No.1 and most renowned bearing manufacturing co. selected and appointed us as their channel partner to market their products required by industrial after market. During our twenty years of association with SKF, devotion to work, dynamism for continuous improvement in services and maintaining best cordial relation with the customers has rewarded us greatly not only by growth in volume of business but also in terms of recognition from SKF by way of successive awards in the years 1991, 1993, 1996, 1997, 1999, 2000, 2001, 2005, 2006, 2008 for best performance in various fields.

With an ever increasing...
