# KVR Rail Infra Consultancy Services India Private Limited

<https://www.indiamart.com/kvr-rail-infraprojects/>

Service provider of railway consultancy services, preliminary engineering survey services, detailed engineering services etc.

## About Us

The winds of liberalization in industrial, power and other sectors have also blown through the corridors of the Indian Railways. With the prospect of rapid industrialization and many industries coming up requiring the facility of a Railway siding & Rail Infrastructure, the Railway Board issued guide lines to all Zonal Railways for empanelling of private consultancy to undertake independent techno-economic and Engineering Surveys, Planning and Project Management including construction of Railway Sidings and Rail Infrastructure on par with RITES AND IRCON. This resulted in the emergence of some private companies promoted and managed by Retired Railway Professionals, providing industries the scope of availing their services for construction of Railway sidings & Rail Infrastructure. KVR is one such agency incorporated in the year 1998 operating for the last one decade. The Company maintains a team of over 500 Professional Civil Engineers, Transport Engineers, Signaling Engineers, Track Engineers, Bridge Engineers, Electrical Engineers, Telecommunication Engineers and Information Technology Experts keeping in tune with the emerging IT scenario.
