Laksh Build Chem is a leading OEM Manufacturer, Supplier of Ready Mix Plaster, premixed mortar such as white structure guards, industrial floor hardeners, stone guards, tile guards etc. Our range is durable & is suitable for existing and new ...

About Us

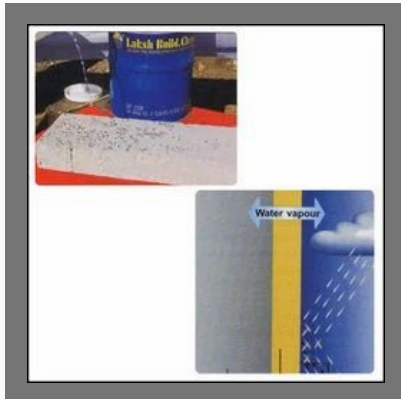

Established in the year **1998**, **Laksh Build Chem** is one of the leading manufacturers, exporters and suppliers of a wide range of premixed mortar that are widely used for existing and new constructions. Our range includes wall stone guards, base tile guards, roofing tiles, floor hardeners, floor patch, a-c guard, plaster guard etc. Our range is manufactured from high-grade cement and allied construction material and is offered at the market leading prices.

We possess a well-developed infrastructure, which contains advanced machines and a capacious warehouse that plays an important role in conducting our business transactions comfortably. Our production unit is also equipped with latest machinery to ensure swift production. We are supported by our experienced and industrious professionals whose regular hard work and efforts help us in achieving our goal of total satisfaction of our clients. Their efforts have helped us in gaining repeated orders from our clients' and have also aided us with our wide clientele. Moreover, guidance of our mentor, Mr. Husmukh Shah plays a vital role in attaining a special position in the wide competitive market. Owing to his valuable suggestions we are growing as prominent choice of our clients.
