About Us

Established in the year **1995**, at **Vadodara (Gujarat, India)**, we “**Laxmi Trading**” are leading **trader** and **supplier** of **Paver Block** and **Construction Soil**. Our offered product range is procured from dependable vendors of the industry. These products are processed as per the defined quality norms using advanced processing technology under the guidance of quality controllers at vendors end. The soil range is appreciated due to free-flowing, even particles and optimum resilience. In order to cater diverse requirements of our customers in efficient manner, we provide these products in different specifications at reasonable prices. Moreover, we also render **Excavation Service, RCC Works, Construction Civil Engineering Work, Road Construction Work, CB Job Work, Paver Block Fitting Services**, etc.

Our procurement agents help us to deal with dependable vendors of the market. All vendors ensure to deliver high quality products as per the precise need of clients. We have chosen vendors with the help of procurement agents on the basis of track record, market goodwill, financial condition, product quality, production base, etc. In order to render highly efficient services, we are supported by highly skilled team of professionals. Our team comprises of civil engineers, skilled workers, technicians, quality experts, administrative experts and sales & marketing executives. We have developed a...
