About Us

Established in the year **2000** at **Chennai, Tamil Nadu**, we “**Lifetime Associates Private Limited**” are involved as the **manufacturer** of **RO Control Panel, Water Treatment Plant, Water Storage Tank, Sand Filter and Activated Carbon Filter**. These products are widely demanded by our clients for their hassle-free functionality and minimal maintenance. Our experts also render **Maintenance Service, Water Treatment Plant Repairing Service and more**.

Lifetime Associates Private Limited, a company incorporated with an aim to promote product, in caring for their health of the public and for their utility. The company started providing insects screens as door over your window, as do it yourself kit. Subsequently we started providing Sodium dichloroisocyanurate, an organic chlorine donor which has greater advantages over the existing inorganic chlorine donor such as chlorine gas, liquid chlorine, bleaching powder etc., since the product had wide range of application and utility we started reaching various channels and industries. Having established a considerable market for this product and supporting the water sanitization and General Sanitization during the natural calamity and when epidemic spreads. We have diversified the scope of business in various water treatment, sewage treatment and industrial Effluent treatment to conserve water and minimize the discharge of waste water to the natural resources, like river,...
