## About Us

Established in 1995, **Login Power Electronics & Controls** is a Service Oriented Manufacturing & Marketing organization concentrated in manufacturing UPS, Inverters and Batteries based at Bangalore under the brand name of LOGIN. We are also the distributor for ENERGY PLUS, and POWER EX (An ISO Certified Company) range of Batteries and Dealers for Amaron and Exide Batteries. The company has been working successfully for the last 16 years under the ownership of . A well-stretched network acts as the backbone of the company. We have been constantly providing our products within stipulated time frame to the clients residing in different corners of the country.

The company's efforts address to the specific needs of the customers and designed products cater to these needs. Performance at par with international brands, highly reliable after-sales services and constant efforts towards R & D are clearly reflected in our products. The high standard, what we have set for our products, has enabled us to cater thousands of satisfied customers within a span of few years.

Continuing efforts towards providing better support to the channel partners/customers have been a major pathway of success to us and we are receiving a major boost with the expansion of activities to all over India.
