Lord Almighty Chemicals

<https://www.indiamart.com/lordalmightychemical/>

We are one of the leading processors and traders of water treatment chemicals and industrial chemicals for floor cleaning, water cooling and descaling. In addition, we also offer fire extinguisher and fuel oil additives.

About Us

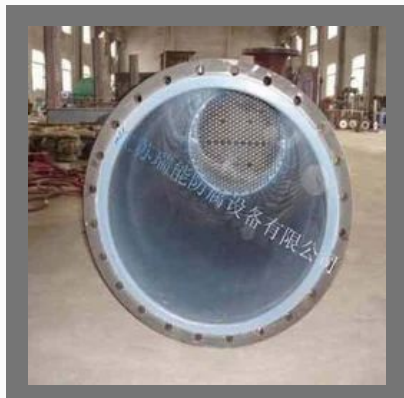

Established in the year 1998, Lord Almighty Chemicals is one of the renowned names engaged in the processing and trading a wide range of Industrial Chemicals. Chemicals offered by us include cleaning chemicals, instrument cleaning chemicals, toilet cleaning chemicals, Chemcare CWC - 23 - Cooling water chemicals, Chemcare CWC – 28, Chemcare CWC11, Chemcare BWC-50, Chemcare BWC - 75 (Boiler water chemicals). Besides these, we even provide Klinax - 10 (A/C coil and fins cleaning chemicals), Chemfuel -CF (fuel oil additive), Chemcare DC - 35 (descaling chemicals), Fire Extinguisher and Floor cleaning chemicals. These chemicals are processed by our team of experienced chemical experts, which makes use of quality raw material sourced from reliable sources of the market. These are tested on various quality parameters by our team of quality controllers to ensure that our chemicals are in line with the international quality standards. We are facilitated by a well-developed infrastructure as well as a team of experienced and qualified professionals to meet the bulk requirements of our clients. The repetitive orders from our clients speak volumes about our superior quality chemicals. These chemicals are used in various sectors and are known for their purity & accurate composition within the domestic market. Due to the proficient guidance of our mentor, Mr. Timothy K M, we have been able to become a top notch organization in the market. His years of industry...
