## About Us

Established in the year 1997, we, **M & J International**, are a renowned manufacturer, supplier and exporter of steel fibers. We market them under the brand name Majix. Our fibres are used across several construction and infrastructure industries. Majix steel fibres have superior and technologically advanced designing that enables us to meet the varied demands of the industry.

All our products are industry specific and are fabricated as per the needs and requirements of our valued clients. Our diligent and arduous team makes sure that the products possess the required features and are manufactured in conformation with the international norms and standards. With the aid of our special purpose infrastructure, we are able to fabricate the products in an efficient and cost-effective manner. We supply our products to eminent clients in the Indian as well as export market. Our products are exported to several countries, which includes USA, Belgium, Spain, Netherlands, Hungary, Ireland, Singapore, Malaysia & Australia.

We have successfully garnered a huge client base across the globe. We understand the requisites of various types of concreting applications and recommend suitable fibres for the job. Due to our honest approach, we have achieved continuous success and growth in this competitive domain.
