About Us

MBIT- Maa Bhagwati Institute Of Technology. Mbit caters to the needs of ambitious people trying to be the successful part of the developing world. Mbit dedicates in working for continuous improvement of Technical education and services. Mbit provides courses in Hardware and Networking and has helped thousands of students to fulfill their dreams by making their English perfect. The institute is a meeting place for like-minded people who have an urge to learn and become success along with proficient in the English language.

We offer a wonderful combination of quality teaching in cordial surroundings. There is a lot of personal and individual attention by the faculty and as a result, the students feel comfortable and come out of their shells. They gain confidence and get rid of hesitation.

We provide individual and personalized attention to each and every student. The specific needs of an individual are assessed through a questionnaire, which makes us understand their precise level and expectations. An excellent relationship, which is based on mutual respect and appreciation, is built with the students. The relationship is nurtured and goes a long way to allow us to help the students fare better in their endeavors.

We believe that one can make a positive impact in the quality of life by imparting knowledge to students we focus to offer the finest standards of quality and processes that are constantly updated and adapted to the changing IT scenario. Our methodology...
