## About Us

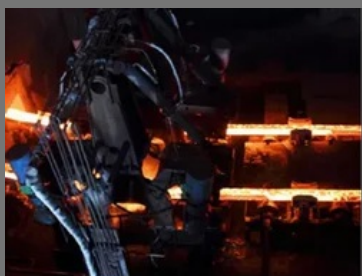

Maanheruka Group is a well known manufacturing group in the secondary market in Eastern India . Our group has chain of value added products, which includes Sponge Iron, M.S. Ingot/ Billet H.D.P.E bags, Mustard Oil, Mustard Cake etc. Our group draws its strength from an old tradition of reliable customer service and quality products. Our manufacturing facilities are spread in Mangalpur, Durgapur , Kolkata in West Bengal and Dhanbad in Jharkhand. Maanheruka Group Of Industries starting from setting up of Mustard Oil Mill in 15 Aug 1974 in a manual form in the district of Dhanbad and then unto converting to automatic way in 2005. In 1983 our group started processing of reject coils and rejected CI Scrap at Dhanbad and then to Kolkata in the year of 1995 from steel giants like SAIL/IISCO/DSP etc to process the Big Size CI Mould into small pieces through scrap hammer and hydraulic processing machine and de-coiling of coils. At that time our group became one of the main scrap processor of the Steel making. After 2000 availability of scrap from steel plants deteriorated and CI scrap used in the manufacture of Ingots is replaced by frequently used Sponge Iron produced from Hematite grade of Iron Ore. Our group then moved down for studying the project of Sponge Iron and due to vast availability of its raw materials i.e Coal, Iron Ore & Dolomite and easily access to it from the nearest location of Coal Mines at Raniganj and Iron Ore from Orissa, our group had successfully installed...
