Machine Elements is a leading manufacturer of machine Tool Accessories under the brand name STRIBECK and Replacement spares for machines. We also undertake servicing and sale of second hand conventional machinery.

About Us

Machine Elements was established in 1983 as a partnership firm under the skillful guidelines of our business managing partner Mr. Shamasundar Asrani, our company has placed its name in the list of top-notch organizations. His sharp business insight, rich experience, in-depth industrial knowledge and visual approach have always enabled us in establishing a distinct position in the industry. We are today a leading manufacturer of Machine Tool Accessories under the brand name STRIBECK and Replacement spares for machinery. We also undertake reconditioning of second and conventional machines of reputed imported and Indian makes.
