

Maharashtra Chemical Products

<https://www.indiamart.com/mahachem/>

We are manufacturer and exporter of colorless isopropyl alcohol, industrial specialty chemicals, silica gel and activated alumina. Owing to its quality features such as effectiveness, exact composition and purity we have gained huge clientele.

About Us

Incepted in the year 1982, we Maharashtra Chemical Products are engaged in manufacturing and exporting wide range of pure silica gel, chromatography silica gel, thin layer chromatography silica gel, colorless isopropyl alcohol, industrial specialty chemicals, silica gel, silica gel for column chromatography, silica gel for thin layer chromatography and activated aluminium oxide as per the clients specification. Thus, assuring quality, timely delivery and cost benefit products at clients end. Further, our research and development department enable us to remain one step ahead of our competitors. Therefore, all our shipment & logistics are handled by qualified personnel who are well versed with chemical trading.

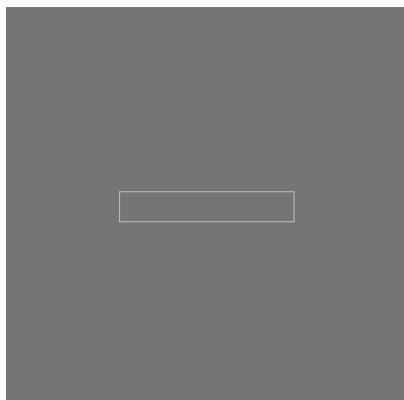

In addition to this under the able guidance of **our mentor Mr. Sanjeev Loomba** who holds a rich industrial experience in this profession, we are successfully meeting the emerging demands of global market.
