About Us

Manu traders (P) Ltd. was established in 2007 by visionary entrepreneur, Mr. D. K. Jain, who has to his credit 40 years of sound commitment with brass industry. Previously it was renowned by the name of Manu Metals which was established in 1994. Mr. D. K. Jain has started this business in 1968 under the name and style of Metalax Incorporated

Manu traders (P) Ltd. has forged a strong tradition of providing innovative, high-quality, cost-competitive solutions to the specialty metals industry. We deals and test over end number of different high quality alloys for our customers, including specialized, customer defined specifications in rod, bar, wire, flat-wire, billets & ingots.

These brass extrusions and copper alloy extrusion products are used in manufacturing of various items like shafts, lock bodies, gears, pinions, automat parts, screws, nuts etc.

We are dedicated to providing our customers a one-stop shop for copper and brass alloy needs, including working with our clients to define specialty solutions that meet their individual needs. By the years of experience and broad vision towards the total Quality in every aspect, company has earned its own name in the Brass Industries.

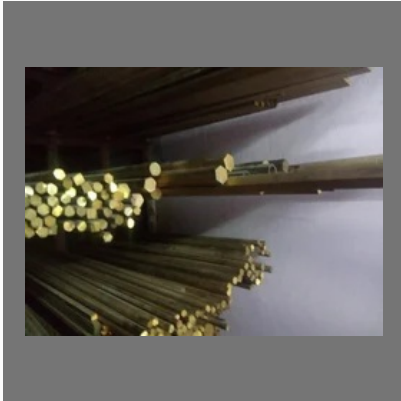

Based on the concept of total quality management, we are following strict quality norms at every stage of manufacturing process. Hence the brass extrusion products manufactured in our plant have high strength, wonderful pressure tightness, sound corrosion...
