## About Us

Marvelsoft was established in the year 2009. We are providing services like software consulting, website design, website development, flash presentation, professional web services, java based application development, software design and software development with PHP, java, j2ee and RDBMS. Campus Cloud Solution is for Schools, Colleges, Coaching Centers, Group of Institutions, Pre-School Franchises, Resellers and White lable Solution providers. Affordable solution for everyone. It is offered in SAAS model on Cloud Platform, with Monthly, quarterly & year Subscription plans.

MarvelSoft started its operations in the year 2009, with its focus on becoming a complete Software Solutions provider for Schools and Educational Institutions. MarvelSoft has emerged successfully to meet the growing demand for intelligent Software development, software customization and implementation.

Our expertise in various business domains as well as technologies enables us to appreciate business requirements of today and translate them into solutions for tomorrow. MarvelSoft designs and delivers Software and Technology enabled solutions that help emerging and traditional Schools to adopt latest technologies in their day to day activities.
