## About Us

We wish to introduce ourselves **Bhavik Systems Private Limited**, a premier organization, having its wings spread out across INDIA. We have been associated with the furniture industry for the past two decades. The expertise has been in the core business of manufacturing Modular Office Furniture, basically a “One Stop Interior Solution” arrangement in interiors, by understanding patiently the customer requirements and his varied needs. Our rich experience has been delivering quality products, ensuring absolute customer satisfaction which has helped us to achieve a leadership position. We have been able to capitalize as one of the market leaders in short span of time. We also wish to state that we do have “State of Art” fully integrated modern hi-tech manufacturing plant, with all CNC machines installed in our plants located in Vasai & Chennai, to cater to the needs of the customer from any of the 2 factories. The outcome of this initiative will be the capacity to manufacture large bulk volume of quality products using the latest sophisticated machineries adopting the most modern manufacturing processes. We take the pleasure of inviting you to our most modern plant which will give you clear picture of our capacity to produce quality material. Our products salient features have been to give contemporary furniture, ergonomically designed, versatile, functional, low maintenance, cost effective befitting every individual...
