About Us

“**THE MaxTrac**” is one of the pioneers in manufacturing of electronic security and surveillance products in India. MaxTrac has been fully experienced in research and design of cutting-edge technology surveillance equipments. Both hardware and software are modular-designed with flexibility for different configurations, various scales of applications and future expansion.

In the country which is primarily dependent upon south Asian countries for manufacturing of electronic and IT related products, MaxTrac made its own standing to be a capable and credible Indian manufacturer, which is its biggest strength. In the age of cut-throat business competition, MaxTrac, by virtue of its strong business ethics and manufacturing setup, maintains its own class and stays ahead in the race. Apart from strong manufacturing capabilities, MaxTrac has PAN India presence in the form of dedicated channels.

Our products have passed ISO9001 quality management system certification, and some international certifications such as UL, CE, and FCC. Our products with high credit are sold and used in many fields such as banking, public security, and energy resources, intelligent-building and intelligent-transportation. • **Marketing Strategy**

Oriented to the market requirements and keeping win-win cooperation as our guidance, MaxTrac is continuously devoted to seeking market expansion and promotion, developing customers,...
