## About Us

Our Company "**Mayur Jewellers**", was set up in Jaipur (Rajasthan), over 20 years ago. In fact, we are the specialist in the jewelry business in this city, and among the best known in west India. Over this long period of time, we have made a name for ourselves for reliability & trustworthiness. Reliability & trustworthiness are undoubtedly important attributes of a jeweler, the very bedrock on which relationships are built with customers. Many of our loyal customers have been with us for generations, and we have close bonds with them. The excellence of our service, our understanding of our clients' needs, and the calm, friendly ambiance of our showroom attracts new customers and retains old ones. But, in the modern world, while trustworthiness and other virtues are necessary, they are not sufficient to satisfy today's young people. Like any other manufacturer of consumer durables, a jeweler, too, has to be innovative and trendy. Traditional as well as modern designs have to be offered. This is where our company scores over many others. At every stage, we have adapted ourselves to the changing trends, without losing sight of our core values. Our skilled craftsmen are masters in the art of fabricating ornaments in a variety of styles, from traditional to modern. We have an exclusive and unique collection of traditional Indian Artificial jewelry. These jewels are studded with rubies, emeralds, pearl & other precious and semi-precious stones....
