About Us

Medha Servo Drives Pvt. Ltd., founded in 1984, is focused on rail transportation. Since inception, Medha has used Research and Development as a tool for success and today we are proud to be known for our product range, domain knowledge, design expertise, quality and manufacturing capabilities. Starting from humble beginning, over the last 25 years our company has grown to employ over 1100 talented people whose commitment has led to a sales revenue of INR 1.7 billion (approximately USD 34 million), with the revenues growing at the rate of 88% year over year for the past three years. Medha's vision is to become a world leader in railway products and to achieve this we specialise in three areas, Control Electronics, Power Electronics and safety critical Signalling. We have designed and manufactured various world-class high-tech electronics products for application on locomotives, coaches, railway stations and yards. We specialise in designing and engineering our products to withstand shock and vibration, wide temperature variations, and electrical disturbances that are typical of harsh locomotive environment. Our strength lies in designing, customising and integrating systems that involve multiple functional domains such as control electronics, power electronics, fail safety and mechanical construction. Medha's Design Centre is 250 people strong and has all the infrastructure required for developing sophisticated products. Medha has also achieved CMMI Level 3 certification...
