Meenakshi Electrical Works

<https://www.indiamart.com/meenakshi-electrical/>

We are a prominent manufacturer & supplier of a wide range of Carbon Brushes, Graphite Products, Vane Pumps and Slip Rings. These products are highly acclaimed in the market for their features such as long life, compact designs and reliability.

About Us

Established in the year **1992**, we, “**Meenakshi Electrical Works**” are counted amongst the prominent manufacturer & supplier of **Carbon Brushes, Graphite Products, Vane Pumps and Slip Rings**. The products we offer are made using high grade material, which we source from reliable vendors of the market. Our professionals make use of all the latest tools and machines installed at our facility for manufacturing these products. Moreover, they test the entire range on several quality parameters to ensure the delivery of flawless range to the clients. Our entire product range is highly acclaimed in the market for its longer functional life, reliability, compact designs and easy installation.

Based at **Faridabad (Haryana, India)**, we are a Sole Proprietorship (Individual) firm. Ours is a client based firm, which pays utmost attention on attaining maximum client satisfaction. We make sure that the clients' demands are well-understood and effectively met. Our professionals ensure that the specifications of the clients are properly understood and properly incorporated in the products being manufactured. For their convenience, we offer these products at highly reasonable prices. Furthermore, we ensure that the consignments are delivered to the clients at their doorstep within mutually agreed time frame. Owing to our ethical business policies and fair dealing practices, we have been able to form a huge client base all across the domestic...
