About Us

Melectronics is a global Content Delivery Network (CDN) and streaming service provider. Melectronics specializes in balanced, cost-effective delivery of streaming media across multiple platforms to audiences throughout the world. Melectronics is thoroughly committed to providing traditional and internet broadcasters with high quality streaming solutions - backed by a friendly client-centered approach to business.

Melectronics provides a complete range of live and on-demand streaming solutions, serving a diverse client base - from traditional enterprise broadcasters to individual internet streamers. Our streaming services are optimized to perfect the key elements of the online streaming process with customized settings.
