Our company has attained the customers' support by manufacturing an optimum quality range of Industrial Storage Systems.

## About Us

**Metal Storage Systems Pvt. Ltd.** established in the year **2002**, highly recognized for its unmatched quality and services. We have become the most preferred choice of maximum customers. We started the business as a manufacturer and engaged ourselves in offering a broad array of Heavy Duty Pallet Racks, Shelving Racks, Mobile Storage Racks, Mezzanine Floors, Multi-Tier Racks, Drive-In Storage Racks, FIFO Racks and others. Our products are some of the best available storage solutions that not only ensure the high utility of space but also are of superior quality. Built from steel procured from reputed steel providers like Jindal Steel and Tata, the racks and shelves sustain great stress and also promise an aesthetic appeal through the state-of-the-art product finishing practices.

Located at one of Asia's largest industrial hubs, Peenya, in the suburbs of Bangalore, Metal Storage Systems has been dedicated to designing, manufacturing and delivering high-quality racks and shelves customized for the needs of a wide variety of industries, ranging from pharmaceuticals to garments, engineering, refineries and government. We provide solutions to ensure proper and highly efficient space utilization for the inventory and products tailored to suit the need of each of our client and their storage facilities. Here, we design storage racks that can withstand heavy weight stacking up as well as accommodate fragile storage. Apart from the regular racks and shelves...
