About Us

Established in the year **2009**, at **Delhi, (India)**, “**Mita Enterprises, Delhi**” is a **sole proprietorship** firm, involved in manufacturing, wholesaling and supplying premium quality products including **Carbon Brushes, Copper Carbon Brushes** and **Graphite Products** like **Industrial & Automobile copper carbon tablets / brush, Carbon Tablets**, etc. All our products are stringently tested in order to ensure their quality and reliability at the customer's end. The offered products are manufactured using the finest quality raw material in compliance with the IEC and IS standards. Our company is supported by an expert and dynamic team of mechanical, electronic and electrical engineers, assemblers, machine operators, technical experts and other technicians, who possess enormous experience in manufacturing, as well as in-depth process knowledge. Equipped with high end technology and sophisticated machines, we are able to deliver a world class product range to our valued customers spread across the country. Due to the high level of the quality and accuracy of our products, we have created a wide client base across the country. Working under the excellent guidance of our mentor, **Mr. N.K Mehra**, we have been engaged in serving our customers in the best possible manner. All our business operations are successfully headed by our mentor, who has rich experience of over two decades in...
