MKS Industries

<https://www.indiamart.com/mksindustries/>

Our portfolio of engineering services include Laser Cutting ,Sheet Metal shearing and bending and heavy fabrication. We are also one of the leading manufacturers of lift parts, transformer parts ,Roofing and Rain Water Accessory.

About Us

We are in the field of sheet metal fabrication since **2012**. Our 30 years' experience had made us one of the industry leader in manufacturers of **Lift Accesory, Rain Water Accessory, Louver Ventilation, roofing accessory** and many more. Our portfolio of Engineering Services also include **Laser Cutting Sheet, Metal shearing and folding**. The company has a strong will to use latest technologies for the betterment of industry and production of critical components which requires high precision, quality and less material wastage. Quality and customer service has been key to our success and growth and we don't compromise on this. Our **ISO 9001:2008** Certification is key acknowledgement for our quality. We use state of art of imported machineries to ensure that the product is produced with highest accuracy and finish. Apart from that we ensure that the raw material once enter into our plant it stays unaffected by external environment with huge build up area for material storage before processing. During processing we see to that the required tolerances and accuracy is maintained by using high precision measuring instruments. Once the job is processed we do proper packaging according to customer norms and we see to that the job is transported in right quantity and right quality required by the customer. To maximize the customer service we have our own transport vehicle for job pickup and delivery by this we ensure that job is delivered at...
