## About Us

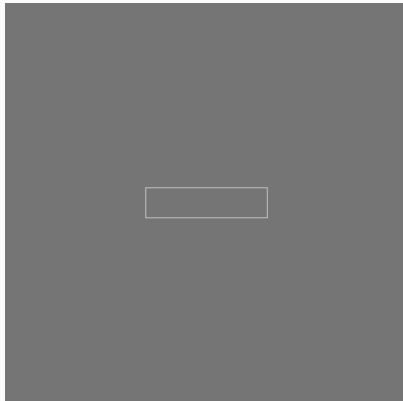

Fresh from the cutting edge of F1 and endurance sports car racing, Ian Thomson and Dr Rob Neumann have teamed up with Indian businessman Parag Rajda to offer quality composites products at cost effective pricing from a newly opened purpose built facility in a Special Economic Zone at Sachin, Surat, Gujarat, India. Gujarat is the manufacturing power house of India. The recently opened Tata car plant is situated within the state of Gujarat and Surat is 300kms north of Mumbai. It is a textiles district with over 750,000 weaving looms. It is also a worldwide centre for diamond polishing and jewellery manufacture. It is from this local textiles/garment and diamond/jewellery industry that Moldex has been able to recruit staff who are already experienced in working with fabrics and in addition accustomed to detailed high quality handwork. Surat is on the west coast 300kms North of Mumbai housing international air and sea ports. There are also daily flights from Surat to New Dehli. ... Moldex is able to take full ownership from concept to finished part. A "one stop" seamless service. Including detail designing, material choice, laminate design, pattern, mould and jig design and manufacture from build to print: If customers know exactly what they want, then Moldex can put it into production. Moldex's primary aim is manufacturing, however utilising our technical staffs' wide experience, Moldex if required can take on full turnkey packages\* such as -...
