The need for an Authorized Service Center in the Manesar area was felt by Hyundai Motors India Limited in 2010 due to the growing population and popularity of the Hyundai brand of cars in the Manesar region.

About Us

The project commenced as a green field project and was operational from 1 Dec 2010. It ranked as one of the best workshops amongst HASCs. All the essential and desirable equipments were available to carry out the servicing and repairs to the highest Hyundai standards. It has been meeting the needs of the Hyundai car owners in this area with growing quality standards and ever increasing number of satisfied customers. The bouquet of services provided has been increasing to meet the aspiration of the customers. Ranging from Pick and drop, corporate tie ups, free check up camps, camps to meet seasonal needs etc. An "Accidental repair workshop" has also been established separately at a nearby location with all modern tool requirements like spot welding, mig welding etc. A "Paint booth" has been provided to carry out painting in controlled and dust free environments thereby providing high quality finish. The procedures and processes are ever dynamic to improve operations and meet the customer aspirations.
