# Multimetals Limited

<https://www.indiamart.com/multimetals-limited/>

Manufacturer and exporter of copper tubes, copper nickel tubes, brass tubes, bronze tubes, capillary tubes etc.

## About Us

**Multimetals Limited** founded in **1962** as a joint venture with Revere Copper and Brass Inc, USA attained the position of a premier **manufacturer** of seamless extruded drawn copper and copper alloy tubes including straight length, LWC, pancake, capillary and finned tubes confirming to various international standards, catering to numerous industries i.e. Air-conditioning, Refrigeration, Heat exchangers, Nuclear and Thermal Power Plants, Ship Building and Repairs, Petroleum refineries, Sugar Plants, Defense establishments i.e. Naval Warships etc.

Multimetals had a technical collaboration with M/s Hitachi Cable Ltd. Japan, one of the world leaders in Air Conditioning and Refrigeration Copper tube technology.

Acceptability in international market is an acid test for product quality. Multimetals has won 11 Export Excellence awards since 1993-94, in a short span of 13 years with shipment to all developed countries.

Multimetals established itself on the world quality system map by becoming an ISO 9002 enterprise in 1995, got the prestigious self-certification AD Merkblatt W 6/2 table 3" from RW TUV Germany and standard mark from SAQAS Australia. Multimetals is distinguished by its quality. Its hallmark still is the one to one relationship it enjoys with every client, relationship based on unstinting service, unqualified commitment, unreserved respect and friendship.

Apart from the Standard products, Multimetals has also started...
