We are an **ISO 9001:2008** certified manufacturer of Wire Nail, Barbed Wire and supplier, trader and exporter of Wheel Barrow, etc. These products are known for dimensional accuracy and corrosion resistance.

About Us

Established in the **year 2008**, we, “**Najmi Industries**”, are an **ISO 9001:2008** certified manufacturer, supplier, trader and exporter of **Wire Nail, Barbed Wire, Wheel Barrow, etc.** The extensive product line offered by us is reckoned in the market for quality attributes such as long functional life, corrosion & abrasion resistance, strength and dimensional accuracy. Known for optimum quality standards, the products offered by us are utilised in hospitals, hotels, airports, gardening, nursery and agro-based industries. Located at Nagpur, Maharashtra, we have successfully emerged as a fastest growing manufacturer and supplier of industrial wires in India. With the aid of our proficient team, we are able to cater to our clients' exact requirements, and provide them with products at par with international standards. The advanced infrastructure facility of our organisation forms its backbone and ensures smooth business activities. Products such as **Portable Concrete Mixer, Platform Trolley, Socket Set** and **Screwdriver Set**, that we trade in are procured from reliable manufacturers of the industry and comply with international standards. Under the superior guidance of our owner and mentor '**Mr. Murtaza Badri**', we are able to efficiently manage all the business affairs. He has several years of experience in the field of manufacturing Wire Nails, which has proven immensely beneficial for the growth of our...
