Nashik Power Equipments

<https://www.indiamart.com/nashik-power-equipments/>

We are a respected name in the domain of manufacturing, supplying and distributing Electrical Transformers and Panels that are used in both domestic and commercial sectors. Moreover, we are engaged in trading Transformer Lamination & Tanks.

About Us

'**Nashik Power Equipments**', have established ourselves as a leading manufacturer, supplier and distributor of technologically advanced **Electrical Transformers and Panels**. Owing to their excellent capacity to generate voltages by using accessible electricity, these products are installed across residential premises, offices, factories and other similar areas. These products are appreciated for the features like trouble-free operation, low maintenance cost and sturdy construction. In addition to this, we have expanded our reach by trading **Transformer Lamination & Tanks**, which are procured from renowned merchants of the market. Robust construction, rust resistant and low maintenance cost are some of the highlights of our products. We are supported by a team of qualified professionals, which has vast industry experience. Owing to their expertise in the domain, we have been able to place ourselves ahead of our competitors. Our infrastructure comprises separate departments for manufacturing, quality testing and researching, which works in coordination with each other in order to complete the orders on time. After stringent checking of the manufactured as well as the sourced products, our quality auditors give approval for the dispatch. Besides, we have a wide distribution network, which enables us to deliver all the ordered consignments within the stipulated time period. Our mentor '**Mr. Niles...**
