## About Us

In 2008 when practicing Naturopathy I came across Apple cider vinegar and Honey Recipe for health. As we believe in Naturopathy majority of illness is caused by Acid –Alkaline Imbalance in the body. When I used it for patients with multiple heart blockages & the results were astonishing, then I decided to market ACV aggressively in India. I made different types of vinegar like Turmeric (first time in world), Coconut, Ginger, Garlic, and Black Grapes & Aloe vera for specific types of illness which gave me fast results.
