Navadurga Surgicals India Private Limited

<https://www.indiamart.com/navadurgasurgicalsindia/>

We have emerged as a leading firm engaged as a exporter, supplier, trader, importer, retailer and distributor of **Instruments and Implants of Oral and Maxillofacial, Plastic, Neuro, ENT General Surgery.**

About Us

Established at Bangalore, Karnataka, India, we “Navadurga Surgicals then in the year 1992, now **Navadurga Surgicals India Private Limited**” have emerged as leading exporter, supplier, trader, importer, retailer and distributor of Surgical Instruments and Implants. We are the trader of band like Orthomax. We are exporting to the countries like Nigeria. Among others, our specialization lies in meeting instrument demands of Oral, Maxillofacial and Plastic Surgery. The range of instruments we are presently dealing in include Surgical Instruments, Orthopedics, Sterilization Trays, Titanium implants Max Kit in Radiolucent Container, Extracting Forceps and Orthodontic Pliers. Other than this, we also offer Titanium Screws-Slotted Head, Cross Driver Screws, Titanium Bone Plates Without Bar, Mini Screws-Slotted Head and Mini Bone Plates without Bar, Reconstruction Plates, Locking Plates and screws. At present we have added Cosmetic Implants (PHDPE) Into our product line. We have been supplying surgical instruments which we have been importing from various countries on time to time basis. Our business operations were established by Mr. Kamath (Late), who was a visionary and provided strong base to our operations. With him, our current managing Partner Mr. Hemant Prabhu made it a mission for us as a company to provide best instruments in terms of price and quality. Our expertise in providing best range of...
