We are one of the leading manufacturers and exporters of pure specialty chemical compounds and solvents. Our products are certified by top Japanese and European companies. We are undergoing the process to achieve ISO 9002 certification.

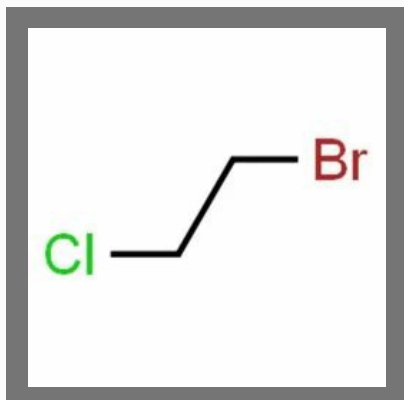

About Us

Neogen Chemicals Limited is one of the world-renowned manufacturers and exporters of specialty Lithium, Bromine and Cycloalkane compounds. Besides catering to the requirements of domestic market, we also export our products in Europe, South America, Asia and Australia countries. Since 1991, we play the role of sole supply source for various international clients. Our clientele includes worlds' biggest MNC's to small start-ups. Regular annual contracts from our customers enable us, to increase our production capacity of Bromine Compounds to 1200 MT per annum and that of Lithium Compounds to 1200 MT per annum. With a production capacity of 2400 MT per annum, we have successfully achieved an annual turnover of Rs. 10 - 25 Crore (or US\$ 2 Mn - 5 Mn Approx).
