About Us

Network Innovation was established in the year 2013. We are trader and supplier of Security Systems and Branded Computers. We are providing CCTV Installation Services, WiFi Repairing Services, VSAT Support Services and Computer Repair & Maintenance Services. All the services offered by us are widely acknowledged and acclaimed in the industry for different attributes like being reliable, proactive, prompt and cost effective. In our drive to offer these services and products, we are backed by a dexterous team. They work in their own space to plan and execute all the given task with perfection.

Our quick and easy setup and deeper understanding of server installation and network maintenance and repair help us to render highly efficacious services to the customers. We can undertake bulk and small projects and complete it within committed time frame. Ultimate client satisfaction is the prime aim of our business endeavors. We make sure that each of the products and services we offer are cost effective and reliable.
