About Us

Set foot in this business in the year **1994**, we, **New Jaldhara Submersible Spares**, have been able to become a noted manufacturer, trader, supplier of an extensive range of submersible pumping solutions. Our organization has earned a lot of fame for offering a quality certified range of products including **Submersible Pump**, **Submersible Motors** and **Submersible Accessories**. We consider serving our clients with exact solutions, coinciding their respective demands as our prime objective, thus we offer our range in a number of sizes, capacities and other specifications. Harboring on a highly advanced manufacturing base, installed with automatic machinery and other latest infrastructure set up, we ensure that each devised product portray complete compliance with international standards and norms. Being a technologically able business organization, we deploy and function only on a progressive machinery and methodology. All these facilities allow us to meet all the expectations of our patrons by offering them with premium quality products at cost effective prices. Under the firm guidance of our mentor **Mr. Meer Zafar Ali**, we have reached the heights of success. It is solely because of him that we are able to attain a special position in the industry. His vast industrial experience, remarkable managerial skills and in-depth domain knowledge has guided the organisation in every step while climbing the ladder of success.
